EDUCATION

SSC - 88 pr, HSC - 92 pr, Dream International School - Dhoraji   July 2018 - May 2021

B.E in Information Technology, Government Engineering College - Bhavnagar   2021 - 2025

EXPERIENCE

Odoo   January 2025 – Present

- Working as a developer, responsible for designing, developing, and customizing Odoo modules to meet business requirements. Integrated third-party applications to enhance functionality and streamline workflows. Optimized database queries to improve system performance and scalability.

PROJECTS

Fashion4You   [GitHub]

- Developed a MERN stack application with similar functionalities to Myntra, seamlessly integrating user authentication, product catalog, shopping cart, Stripe payment processing, order management, and user profile features.
- **Technologies:** React.js, Node.js, Express.js, MongoDB, Stripe.

MovieShelf   [GitHub, Live Link]

- MovieShelf is an online platform for movie enthusiasts to curate personalized lists of their favorite films. With access to IMDb's extensive database, users can explore and discover new movies based on their interests. Organize your collection by genre, type, or theme for easy navigation.
- **Technologies:** React, MongoDB, NodeJS, ExpressJs.

User management   [GitHub, Live Link]

- Developed a user management system website using Next.js, enabling efficient management of users with functionalities including creation, searching, updating, and deletion of user information.
- **Technologies:** Next.js, React, HTML, CSS, JavaScript.

Text Editor   [GitHub, Live Link]

- Description: Designed a web application with React to assist users in editing text, including features like converting case, removing extra spaces, and counting lines and words.
- **Technologies:** React, JavaScript

TECHNICAL SKILLS

Languages: Java, C, SQL (Postgres), JavaScript, HTML/CSS
Frameworks: React, Node.js, Express
Developer Tools: Git, GitHub, Visual Studio, Postman
Databases: MongoDB, Redis

EXTRA-CURRICULAR ACTIVITIES

- Actively engage in continuous learning of new technologies and problem-solving challenges on platforms like LeetCode(300+).
- Develop and complete personal projects to enhance technical skills and explore new concepts in depth.

- Enthusiastically participated in Hacktoberfest, amplifying global open-source efforts. Engaged in Kharagpur Winter of Code, collaborating on impactful projects. GitHub
